

# SPRING 2026

HOLY WEEK and EASTER are the most important time in the Christian year, when the Church enters, through its worship, into the arrest, the trial, the execution, and the resurrection of Christ. Through scripture, music, prayer and silence the disturbing, yet saving and transforming love shown by God to us in Jesus is made present for us. We invite you to share, to be challenged and to be changed by that love, through participation in this most holy of weeks.

We believe that the Christian faith is as much about curiosity as it is about belief, and as much about laughter as solemnity.
